### A Word from RMWorldTravel hosts Robert & Mary Carey ...

It's fair to say that we're certainly in a better position at this point in 2021, than we collectively were in 2020. Fortunately, the record speed in creating vaccines last year has helped in combatting the Coronavirus – and enabling us to reclaim more of our pre-pandemic daily lives.

America's #1 Travel Radio Show has continued to experience strong growth over the past year, and today our popular national program is heard on more than 470+ weekly radio stations across the USA – providing us with a reach exceeding 1.2 million! We believe the quality, consistency and diversity of RMWorldTravel has been at its all-time best in 2020 and Q1 2021, and we're appreciative of the terrific team that we have behind us for helping us make this a reality, and much of our growth is clearly due to the world realizing – now more than ever – how essential the various sectors of the travel world are to our everyday society!

As the nation begins to recover, we will be doing our part to help stimulate responsible travel, and starting on 22 May 2021, we'll be kicking-off our **"Let's Go America! Tour"** by taking the show on the road and broadcasting live from the famed Greenbrier Resort in White Sulphur Springs, WV! Then in the subsequent months that follow we'll be showcasing different locations while broadcasting live – including Newport, RI from the all new waterfront Brenton Hotel on 12 June 2021, and at the big opening of America's newest theme park – Legoland New York – on 24 July 2021. More locations will be announced shortly, so keep checking-in with us to find the additional places and dates as they're released – such as our live remote broadcast from the Four Seasons Resort Maui, as we showcase the Valley Isle on 2 October 2021 and many others!

As you or those close to you begin to travel more in the coming weeks and months, be it for a personal trip like a family vacation, wedding/anniversary, outdoor adventures, a theme park or cruise, maybe a road trip around America, international travel – or perhaps for important business to something like an industry trade show or just staying close to clients, we'd like to hear from you about your respective travel experiences, what you encounter along the way and also your comfort with the travels as we ease our way back from the pandemic – and once again enjoy the many special opportunities across the World of Travel! You can easily contact us directly anytime via our website using this link – <https://www.RMWorldTravel.com/Contact>. And if you have any specific travel questions – send them along too, because we very well might feature them during one of our regular "Listener EMail" segments.

Wherever and whenever travel occurs for you next, we wish you safe and happy travels – and we look forward to you joining us on the radio or in-person on the **"Let's Go America! Tour"** ...
