... live from coast-to-coast, border-to-border and around-the-world on TuneIn ...

"It was an absolute pleasure to host Robert & Mary for the week and their live remote radio broadcast at Liberty Place Charleston, a Hilton Club. From beginning to end, they made it a point to ensure their presence was not cumbersome rather simplified and supportive. They worked with us and stayed in continuous contact and it was evident they wanted the best for us. They are such caring individuals and we appreciated their gracious hospitality which aligned so well with ours"

"I rarely ever write something like this but since you asked for comments, I wanted to say how much I enjoy listening to your fabulous radio show here in Billings. I don't travel the way I'd like to that often, but listening to your show helps me feel like I'm right there with you and it stirs my yearnings and itches to travel around the Greatest Country in the World! I will need a lot of cortizone cream after listening today to the Charleston show (lol). Really great show, love listening!! Keep up the great work!"

"...It seems every time I listen to America's #1 Travel Radio Show that I learn something new! You probably hear this often from others, yes? I live in Tukwila which as you probably know is next to Seattle-Tacoma International Airport. I see and hear planes coming and going all day and often night. I knew Boeing made parts in other areas, but I thought we were the airport manufacturing region for the company, then Robert & Mary you taught me otherwise. Now I have to try to make a trip to Charleston to go see the 787 and their factory there... Can't wait for what you have in store for me on the next show (he, he, he)..."

"I am 48 years old and have lived out here in Metro Phoenix for nearly 15 years. I listen to your show regularly on our local station, and when I turned on the radio today to catch it, I knew you'd be in Charleston since I've heard you talking about it on past shows, but I was so happy when you started talking about the Charleston Tea Garden and the Angel Oak!!! My family and I spent probably 12 summers vacationing on Seabrook Island, and we would go to the Charleston Tea Garden, and I have pictures on that Angel Oak!! I had to call my Mom and share what I was hearing, and now you have a new listener in Riviera Beach, Florida as I told her how to hear the episode on your website. So much fun, I just love Charleston, everyone should go visit that city! BTW, we came through Hurricane Hilary ok, no real issues from the storm here at all."
