“It was a great pleasure to host Robert & Mary on our beautiful expedition ship, Seabourn Venture, in the British Isles. They were incredible in sharing the many aspects of the Seabourn luxury expedition experience with their listeners, sharing their Seabourn moments and explaining what makes Seabourn experiences so special and different. It was an honor to have them on board, I know they both are true passionate Seabourn ambassadors and we can't wait to see them again soon!”

“This is my first time writing but I felt compelled as you have touched my heart in such a way that I wanted to give thanks. I've been listening for years and your show is something I look forward to each week. I manage systems for a large well-known B2C company and the radio is something that keeps me current on things since other media is so repetitive and I question their agendas. My Dad was a Scotsman while my Mum was from middle England in Sheffield. I'm 56 and was in the U.K. once when I was very young. Both my parents are gone, and being a divorced Mom now myself with 3 sons, after hearing these past 3 shows from over there you've excited me to want to go myself and take my family along. Beyond what I heard on the radio, I'd love to get some suggestions on places we absolutely must visit, cities or regions you recommend, the best time of year and if land travel like you did in London, or the cruise you did for Scotland and other places is the way to go. I recall my Dad talking with excitement about Kirkwall, and he never stopped loving Edinburgh. I didn't know much about Seabourn as I've only cruised on Norwegian once, but I think I can understand why you support them as everything seems top of the top so you can't help but have a good time. Can't wait for your next show, and the next. I'll be listening here in Virginia...”

Just wanted to say I really enjoy listening to Robert & Mary, and enjoy your give and go with Rudy, Bobby and RJ. You're all on a different level compared to most anything else the station runs and you must have some budget with all the places that you visit! Keep up the great work, and thanks for giving me something to look forward to...”

As we continue our travels in Europe, now it's on to the big "Let's Go America! Tour" - United Kingdom this week and next with Seabourn. After leaving London, for Day 1, we headed over to Greenwich where time actually begins to catch-up with the Seabourn Venture. Before boarding the Expedition ship, we went behind-the-scenes at the Royal Observatory with General Manager Chris Smiley... here you can be in two places at once as you stand both in the Eastern Hemisphere and Western Hemisphere of the Prime Meridian! Join us via 1 of our 575+ weekly stations across the USA as we broadcast America's #1 Travel Radio Show live from Isle of Man aboard Seabourn Venture this Saturday, April 20th from 10a-12p ET as we share some of our conversation with Chris and many of the other locations we're headed as we Expedition Cruise the North Atlantic -- including Tresco and Isle of Scilly, Dublin, Lundy and more. We were part of history today, as Day 10 on RMWorldTravel's big "Let's Go America! Tour" – United Kingdom brought us to a remote part of Scotland – Loch Reasort and the Isle of Lewis & Harris. It's the first time a cruise ship such as Seabourn Venture ever visited the area – so it was exciting for everyone traveling on the ship and the crew. And then in the afternoon Seabourn created a "Moment" they're renowned for as during a Zodiac ride to explore the area the Hotel Director, Cruise Director, Food & Beverage Director and Head of Guest Services surprised us in a fun way with Champagne via their own Zodiac in the middle of the Loch. From hiking Loch Fheor and descending on the rarely seen Butress Amphitheater (Mount Sronula Dail) – today was a day unlike any we've experience so far. Join us this Saturday from 10a-12p ET, as we broadcast America's #1 Travel Radio Show live from Deck 6 in Seabourn Square when we're in Kirkwall, Scotland via 1 of our 575+ weekly stations across the USA or simply use the "Listen Live" button on our website @ [www.RMWorldTravel.com](http://www.RMWorldTravel.com). Who knew the weather would be so wonderful in the North Atlantic during April 🌞!! It's certainly enriched this trip. As we've mentioned along the way, there have been a number of "firsts" on this 2-week big "Let's Go America! Tour" – United Kingdom both for the Seabourn Venture and for us. Today we awoke to a vibrant rainbow as we sailed into Copinsay in the Orkney Islands of Scotland. After touring some of the islands via a Zodiac, once back on the ship we went behind-the-scenes with Executive Chef John Convery as he and the team prepared lunch for the various restaurant locations – and we also spent time with the Seabourn U-Boat Worx "Sub 7-300" submarine. Now it's Kirkwall, where we will broadcast America's #1 Travel Radio Show from tomorrow, April 27th, from 10-12p ET. Join us via 1 of our 575+ weekly stations across the USA or via the live stream on our website @ [www.RMWorldTravel.com](http://www.RMWorldTravel.com) – just just click on "Listen Live"... What a 3 weeks everyone on this side of the pond folks! We're just off-air having finished-up the big "Let's Go America! Tour" – United Kingdom with an exclamation point! A big thanks to everyone at Seabourn who've helped us deliver 2 diverse and outstanding live remote broadcasts from aboard Seabourn Venture – last week from Isle of Man and today from Kirkwall in Scotland. Now that America's #1 Travel Radio Show has been broadcast via satellite to our 575+ weekly stations across the USA, if you missed any moment of today's program or want to hear something again – you can find the program archived on our website here -- <https://rmworldtravel.com/podcasts/2024-2/>. From our live remote in London two weeks ago, to Isle of Man last week and now Kirkwall today – 30 segments and 6 hours of top-notch talk radio with a spotlight on this part of the world, plus Expedition Cruising, have been a lot of fun to bring to all of you. We've enjoyed all the comments you've shared so far via EMAIL or on our social media channels – and the mix of content has been as wide-ranging as all the places we've visited and shared with you.
