“A few neighbors have worked with some of the cruise lines located up this way, I’ve always heard good things about Seabourn and the other company they’re related to Holland America, but until hearing your broadcasts from their ships and learning so much about what’s offered, it’s been really eye-opening for me. I’ve heard you talk about the great value in cruise travel, your show today from Grenada was very enjoyable. Love when you take us listeners to all the wonderful destinations you go...”

“My husband and I just did 1 cruise a few years ago on Norwegian and our experience was absolutely nothing like yours from the sounds of it. That Beach Barbecue with the speed boats sounds incredible, and you got Caviar and Champagne too!!! OMG!!! On our cruise there were so many people and we felt like we were always reaching into our pocket to enjoy anything, so you can probably only imagine what I was thinking as I heard you saying everything is included on Seabourn. It made me think it wasn’t real, but the more I listened the more you shared and so did all the others. We wish we could join you in Alaska this August on the Seabourn ship to meet you both Robert & Mary, and see for ourselves all about Seabourn that you talked about, but our daughter is getting married then and we’ll be in Pennsylvania for the wedding then. But the next one you do, please let us know using this email and count us in! Such a great show today!!”

“...We’ve always been reluctant to cruise and mostly DIY our travel except for two land based tours. Knowing your support of Collette, and hearing last year’s Seabourn cruise with listeners and now this one in the Caribbean today, I think we’ve officially moved from intrigued to very interested (lol)!! Where’s the next area you’re headed to?”

“...We love the trips we’ve taken to the Caribbean, the DR we’ve been to the most, but I like that you were able to visit so many different islands on the ship and be pampered with singers, a spa, the casino and all that great food! Will you be doing another cruise in the Caribbean that listeners can join you on?”

“My brother served in the Military and was deployed to Grenada back in the early 80’s so when I heard your show coming from there on my radio today here in Georgia, it got my attention. I looked at your social media and the photos of everything you’re experiencing look amazing! The U.S and British Virgin Islands are on my bucket list, and really enjoyed your interview with the person there...”
